7,816,110 LITRES

## ONE HUNDRED SHOREDITCH

Has made available a total of 7,816,110 litres of clean drinking water up until last year.

This equals access to clean water for at least 107 people during 10 years or longer.

One Hundred Shoreditch has donated to the Made Blue Foundation for every room night.

That donation is invested in water projects in developing countries with severe water scarcity like Uganda, Bangladesh and Malawi.

This way, at least 100 litres of clean drinking water per room night sold will become available to people who currently do not have access to it.
